

Air1 is my favorite radio station. I listen to it in the car and at home. It helps me de-stress and focus. If Air1 were to be replaced by an LPFM broadcaster providing other programming many people in my area and many of my friends would not be able to hear Air1. What Air1 does for the community is uplifting. You can call Air1 with questions, requests, and they have answers to your needs. It's encouraging to know that I can turn on Air1 and not be concerned about bad language or songs with improper messages streaming through my radio. Please keep Air1 on the air!
